

Horsecross Arts - About Project

Hi, this is Suzi, I'm just recording the trainee drama workers, so you know who they are on film. This is: Jacqui Holland, Mary Amos, Lorna Grant, Gillian McKenzie.

It started out with six week winter workshops, and Suzi had this vision, we have just been believed in that we can carry on further, and actually become facilitators ourselves.

We're working with twenty two people, to do six weeks of fabulous fun Friday drama, and then all of these guys will go on supported placements with myself before Christmas, and then in the new year, each trainee will be paid to deliver a Horsecross community drama workshop for different mental health service providers within Perth & Kinross.

We're going to reach out to maybe up to a hundred, a hundred and twenty new participants, which is hugely important for me, and for the trainees.

Thank you!
